

Simply Vision plans make offering richer benefits a little *easier*[†]

Local

Our nearly 90 years of experience serving our upstate New York neighbors gives us unique insight into what your team wants and needs to get and stay healthy. As a nonprofit invested in our local community, we proudly pass savings directly on to our members and into things like community health programs or grants.

Comprehensive

Every Simply Vision plan includes low-cost eye exams to catch vision and health concerns early, plus benefits for corrective eyewear including frames, lenses, and contact lenses, as well as options for covering contact lens evaluations. All employees have access to great discounts on lens add-ons, additional pairs of eyeglasses, LASIK services, and other great extras just for being a member.²

Affordable

Competitively priced plan options and multiple contribution options give groups flexibility to select premiums that fit both their and their employees' budgets. And low member out-of-pocket costs, including fully covered and low-cost frame options, make it easier for employees to get care they need.

Convenient

Through our partner, Davis Vision, employees have access to a large network that includes nearly 900 provider locations in the local Excellus BCBS network area and 152,000+ points of access nationwide,³ including independent eye care professionals, four of the top five eyewear retailers, and online retailers.

Simple

Simplify your benefits administration with a single point of contact for all health care benefits, plus streamlined implementation and administration with combined enrollment forms and unified online bill pay system.
